## SUMMARY

I am an Accomplished Packaging Worker with over six years of hands-on experience in the industry. I am skilled in operating advanced machinery and optimizing processes to boost productivity and reduce waste. I am committed to ensuring top-tier quality control and full compliance with safety regulations, maintaining the highest standards for every product. I am adept at thriving in fast-paced environments and managing multiple tasks with precision. Passionate about sustainability and innovation, I am eager to bring my expertise to Canada's packaging sector, driving efficiency and eco-friendly solutions in every project.

## EXPERIENCE

### Packager

01/2022 to 05/2024

Man's Printing and Packaging, Dhaka

- Packing Products: Efficiently packing men's products according to company standards.
- Quality Control: Inspecting items for defects and ensuring packaging meets quality specifications.
- Machine Operation: Operating packaging machinery and performing routine maintenance checks.
- Inventory Management: Keeping track of packing supplies and notifying supervisors of shortages.
- Team Collaboration: Working closely with team members to meet production goals and deadlines.
- Safety Compliance: Adhering to safety protocols to maintain a safe working environment.
- Documentation: Maintaining accurate records of daily production and packaging activities.

### Packaging Worker

06/2018 to 11/2021

Elephant Packaging Factory, Dhaka

- Inspected product packaging to ensure seals were applied correctly and expiration dates printed, ensuring food safety compliance.
- Efficiently managed the movement of bakery products on and off production lines, ensuring smooth operation of machinery and preventing bottlenecks in the process.
- Moved finished goods from the production line to specific shipping or storage locations, maintaining accurate organization and minimizing handling damage.
- Conducted routine checks on finished products to ensure they met required quality and safety specifications, contributing to consistent product excellence.
- Consistently followed GMPs to maintain cleanliness, hygiene, and safety, ensuring an efficient and compliant production environment.
